25 lb. bag	04525
40 lb. bag	04540

### Controlled Release Plant Food 13-13-13

This 3-4 month formulation all purpose plant food not only costs half the price of other leading slow release fertilizers, but contains several trace elements as well. Ideal for growers, as well as landscapers and home owners alike, the slow release properties will ensure a steady growth of green, healthy plants. Slow release also lasts longer in rainy seasons than conventional granular blends.

6/4 lb. jar	20040
20 lb. bag	20020
40 lb. bag	00640
40 lb. pail	20400

### Hibiscus Food 10-4-12

This formula, recommended by professional hibiscus growers, contains slow release nutrients that will not burn these sensitive plants, even in pots. It is fortified with five essential micro-nutrients to correct nutrient deficiencies such as iron chlorosis. Use Hibiscus Food on a regular basis for optimum blooms, thick stems and beautiful plants. This is a low phosphorous formula specifically designed for Hibiscus, but can be used on plants where soils have a high phosphorous build up.
