

Carl Pool's distinct special-use formulas are made from the highest quality nutrient sources which are quickly absorbed through roots and leaves. Smaller sizes packaged in weatherproof plastic containers with full-color, exclusive-use labels allow your customers to choose from the widest variety of products to suit their particular needs. Carl Pool quality water soluble plant foods can be applied with any no-clog hose-end feeder.

Better ingredients with more micronutrients means superior results and customer satisfaction with Carl Pool water soluble products.

### African Violet Food 11-40-20

B .02%, Cu .05%, Fe .10% Mn .05%, Mo .0009%, Zn .05%

Our African Violet Food, used and recommended by professional growers, induces more blooms, larger flower size and brighter colors. Fortified with six important trace elements, it is an excellent choice for self watering pots.

Case Pack	Code
12/8 oz. jar	50005
12/24 oz. jar	50024

### Br-61 9-58-8

Fe .12%, Mn .05%, Zn .05%

The original blossom booster for all flowering plants now contains more trace elements than any comparable high phosphorus plant food on the market. It should be used at the time of planting and throughout the entire growing season. BR-61 can be used on all types of flowering trees, shrubs, perennial and annual plantings.

12/24 oz. jar	61024
6/3 lb. jar	61300
6/5 lb. pail	61005
25 lb. bag	00911
40 lb. pail	00913

### Pansy Food 20-10-20

B .02%, Cu .05%, Fe .15% Mn .05%, Mo .0009%, Zn .05%

A blend of essential nutrients, including six micronutrients, specially designed for cool weather and low light feeding of pansies and other flowering plants, shrubs, trees and lawns.

Case Pack	Code
12/24 oz. jar	45024
6/3 lb. jar	45300

### Crepe Myrtle Food 8-55-7

Cu .05%, Fe .18%, Mg .50%, Mn .05%, Zn .11%

A special high phosphorus formulation, Crepe Myrtle Food builds bigger and better blooms when used on a regular basis. Five micronutrients keep leaves healthy and dark green. Crepe Myrtle Food is an excellent choice for feeding all flowering vines, trees and shrubs.

Case Pack	Code
12/24 oz. jar	11024

### Fortified 20-20-20

B .02%, Cu .05%, Fe .15%, Mn .05%, Mo .0009%, Zn .05%

Made with superior ingredients, Fortified 20-20-20 contains the highest amounts of important micronutrients in chelated form. This general purpose fertilizer is specifically formulated for the individual who has a variety of plants that require a general purpose food and the additional benefit of a high micro-nutrient formula.

Case Pack	Code
12/8 oz. jar	32008
12/24 oz. jar	32024
6/3 lb. jar	32300
6/5 lb. pail	32005

### Geranium & Mum Food 8-55-7

Cu .05%, Fe .18%, Mg .50%, Mn .05%, Zn .11%

A balanced blend of essential nutrients and minerals; specifically designed to promote healthy growth and superior results with all blooming plants both indoor and outdoor.

Case Pack	Code
12/24 oz. jar	14024

### Hi-Acid Plant Food 30-10-10

B .02%, Cu .07%, Fe .40% Mn .20%, Mo .0009%, Zn .10%

High-Acid Plant Food is a high nitrogen formula fortified with six micronutrients for lush, green growth. It is a great lawn and turf food for quick greening. It is excellent for azaleas, gardenias, hydrangeas and camellias because of its acid forming properties which makes these plants thrive.

12/8 oz. jar	46008
12/24 oz. jar	46024

### House Plant/Tropical Food 24-8-16

B .02%, Cu .05%, Fe .15%, Mg .65%, Mn .05%, Mo .0009%, Zn .05%

This is a high nitrogen formula for house plants containing seven micronutrients important for plants in potting soil mixes. Scientifically formulated with no traces of fluorine or chlorine, this 3-1-2 analysis is recommended by leading universities for tropical foliage plants.

Case Pack	Code
12/8 oz. jar	27008
12/24 oz. jar	27024

### Instant Rose Food 10-50-10

Cu .05%, Fe .18%, Mg .50%, Mn .05%, Zn .11%

One of our most popular products, this is a superior acid forming formula used and recommended by Rosarians who want only the very best. Instant Rose Food, with high levels of micronutrients, promotes lush foliage, long sturdy stems and a profusion of large colorful blooms. Use this every time you water. Many rose society groups recommend this product and use it on their prize winning roses.

40 lb. pail	01023

### Orchid Food 30-10-10

Fe .30%

Orchid Food is a high nitrogen formula for instant feeding.

Case Pack	Code
12/10 oz. jar	13010

### Pecan Special w/Zinc 18-6-6

S .10.00%, Zn 9.00%

This special formula is ideal for all pecan varieties and is suitable for all fruit and nut trees. It contains extra zinc to prevent Rosetta disease.

Case Pack	Code
12/24 oz. jar	12024

### Magic Green 6-40-5

Cu .12%, Fe 2.10%, Mg .50%, Mn .12%, Mo .0005%, Zn .35%

Excellent for correcting trace mineral deficiencies, particularly iron chlorosis (exhibited by yellowing foliage) in lawns, shrubs, blooming and fruiting plants. Intensive care for your plants.

Case Pack	Code
12/24 oz. jar	29016

### Tomato, Vegetable & Fruit Tree Food 14-28-14

B .02%, Ca 1.25%, Cu .05%, Fe .10%, Mg .50%, Mn .05%, Mo .0009%, Zn .05%

Promotes larger yields of quality fruits and vegetables. Contains eight micronutrients and calcium to control blossom end-rot.
