Carl Pool

SUPERIOR FERTILIZERS

Since 1945, lawn and garden enthusiasts have trusted Carl Pool, and with good reason. Carl Pool fertilizers are as reliable as that old shirt your customers wear on those sunny days, when there's nothing better than enjoying your garden, tending your plants and feeling great. That's Carl Pool, and that is what we deliver, only the best plant foods for the best customers, and those are your customers. Keep them coming back with Carl Pool's perfect-formula line of fertilizers and bio-activators.

Whether your preferred distributor has what you need in stock, or if you need an order drop-shipped, we have you covered. Our goal is your goal, and your customers are our customers. Carl Pool works through distributor partnerships and will make sure you get the products you need. Call us now, and we can get started.

Thank you so much for your business.

Carl Pool's time tested fertilizers are carefully designed for optimum plant growth, and are presented in eye-catching, weather-resistant packaging, making Carl Pool an easy choice to stock your shelves. And what's better still, your customers will come back for more when they see what exacting-design plant food can do for their gardens, shrubs, trees, lawns and more.

For any garden, any time, Carl Pool has the solution. Call us today and let us know how we can help.

WATER SOLUBLE

African Violet Food 11-40-20

Precisely designed for the meticulous African Violet gardener, this plant food has everything a growing African Violet needs. For bigger blooms, more flowers and brighter colors, this perfect-formula fertilizer has 6 important trace elements and works well with self-watering pots.

Case Pack Code
12 x 8 oz Jar 50005

BR-61 9-58-8

Fe .12%, Mn .05%, Zn .05%

Carl Pool's BR-61 is the original blossom booster, designed by Carl Pool himself over seventy years ago, and it still can't be beat. BR-61 contains all the trace elements those blossom busters need to bloom big and full, and what worked back then still works now. Great for flowering plants, trees, shrubs and more. Stock the original, stock the best. Stock the name your customers trust.

Soil Sul (Liquid Sulfur)

Soil pH is an oft-overlooked factor for successful gardening. If a soil is too alkaline, it won't release the nutrients many plants need to thrive. For unworkable alkaline soil, or a small pH adjustment, Soil Sul is ready to help. An oft-asked for formula, it's a sure-seller for unlocking the potential of gardens everywhere.

Case Pack	Code
12 x 1 L Bottle	26001
4 x 1 Gal Jug	26128
2 x 2.5 Gal Jug	26250

Tree White Wash (Powder)

Tree White Wash works better and lasts longer than paper wraps, and it's easy to apply. But why use whitewash? What might seem antiquated, is a true, time-tested method of shielding trees from a number of environmental factors. Use to reduce sunburn, deter pests, minimize bark splitting and to provide some cover for harsh winter winds. Tree White Wash is a great way to protect the trees gardeners love most.

Case Pack	Code
6 x 2 lb Pail	10002

Vitazyme (Liquid Bio-A)

Vitazyme is a bio-activator that works within the soil, plant and root zone to supercharge nutrient uptake. It boosts production by increasing beneficial fungi & microbe activity, and by providing needed enzymes and natural growth catalysts. Vitazyme has more than twenty-five years of field trial science data to back up every word. So, stock it today for those customers who are looking for something more, something extraordinary.
